PRELIMINARY PROGRAM

October 26th 2017

Hall - Amphitheatre

10:00-13:15  IAN DONALD ADVANCED ULTRASOUND COURSE

Moderator: Asim Kurjak, Croatia

- Eberhard Merz, Germany: *Fetal abnormalities detected by different ultrasonic methods*
- Renato Sa, Brazil: *Spina Bifida: Ultrasound diagnosis and antenatal treatment-TBC*
- Taib Delic, B&H: *What to expect from early detection of fetal abnormalities*
- Tuangsit Wataganara, Thailand: *Update on fetal therapy*
- Sonal Panchal, India: *From human reproduction to perinatal medicine-TBC*
- Giovanni Monni, Italy: *How to train for invasive diagnostic procedures*
- Asim Kurjak, Croatia: *Functional studies of fetal CNS by 4D*
- Panos Antsaklis, Greece: *Clinical usefulness of KANET test in high risk pregnancies*
- Milan Stanojevic, Croatia: *Fetal and neonatal neurology and role of ultrasound*
- Narendra Malhotra, India: *Doppler and IUGR*
- Ilan Timor-Tritsch, USA: *Management of Cesarean scar pregnancy*
- Discussion

13:15-14:00 Lunch
14:00-17:30  ERICH SALING WORLD SCHOOL OF PERINATAL MEDICINE

Moderators: Erich Saling, Germany and Cihat Sen, Turkey

- Erich Saling, Germany: *Perinatal Medicine: Beginnings and early stages*
- Asim Kurjak, Croatia: *Look into the future*
- Joachim Dudenhausen, Germany: *Epidemiology and Prevention of Fetal Death*
- Frank Chervenak, USA: *Professionalism: The foundation of Obstetrics and Gynecology*
- Milan Stanojevic, Croatia: *Age of viability - neonatologist's point of view*
- Christoph Berg, Germany: *Fetoscopic management of complicated monochorionic twins*
- Cihat Şen, Turkey: *What are recent advances in fetal echocardiography*
- Marina Degtyareva, Russia: *Neonatal sepsis*
- Birgit Arabin, Germany: *Fetal senses*
- Eberhard Merz, Germany: *3D and 4D ultrasound - two useful techniques in the assessment of fetal spina bifida*
- Aleksandar Ljubic, Serbia: *Biotechnology and Perinatal medicine - Is it the next level of perinatal medicine?*
- Discussion
CURRENT STATUS IN NEONATOLOGY

Moderator: Milan Stanojevic, Croatia

- Ranjan Kumar Pejaver, India: *Oxitrauma during neonatal intensive care*
- Milan Stanojevic, Croatia: *Limits of viability*
- Manuel R.G. Carrapato, Portugal: *Hypotension in small preterms: What does it mean?*
- Lilijana Kornhauser Cerar, Slovenia: *Outcomes of very low birth weight babies*
- Boris Filipović-Grčić, Croatia: *Survival of premature newborns at the border of viability - Croatian experience*
- Manuel Sanchez Luna, Spain: *Less invasive RDS therapy*
- Anne Greenough, UK: *Prevention of bronchopulmonary dysplasia*
- Silke Mader, Germany: *The unmet needs in the NICU - Why do we need European Standards of Care for Newborn Health?*
- Amos Grunebaum, USA: *How to prevent Erb's palsy*
- Simona Vladaeranu, Romania: *Neonatal hypoxic-ischemic injury- diagnosis by imaging*
- Ola Saugstad, Norway: *Recent ILCOR recommendations for newborn resuscitation*
- Discussion

13:15-14:00 Lunch
14:00-17.40  COMMON AND RARE FETAL DEFECTS

Moderators: Aleksandra Novakov Mikic, Serbia and Oliver Kagan, Germany

- Prenatal diagnosis of anomalies of central nervous system
- Prenatal diagnosis of anomalies of abdomen
- Prenatal diagnosis of fetal heart anomalies
- Prenatal diagnosis of genetic syndromes
- Discussion

Blue Hall

18:00-20:00 OPENING CEREMONY
October 27th 2017

Hall A - Blue Hall

09:00-10:45  KEY NOTE LECTURES

- Jan Deprest, Belgium:  
  *Present and future of fetal surgery*
- Manuel Sánchez Luna, Spain:  
  *Noninvasive ventilation of the preterm infant*
- Asim Kurjak, Croatia:  
  *Advances in the assessment of motoric and cognitive function of the fetal brain*
- Discussion

10:45-11:15  COFFEE BREAK

11:15-13:30  PARALLEL SESSION Public Health in Perinatal Medicine

Chairs: Joachim Dudenhausen, Germany, Sir Sabaratnam Arulkumaran, UK

- Asim Kurjak, Croatia  
  *Good news and bad news on the effect of globalization on perinatal*
- Sir Sabaratnam Arulkumaran, UK  
  *Management of PPH in the next decade*
- Amos Grunebaum, USA  
  *Maternal obesity as a global epidemic*
- Jennifer Zeitlin, France  
  *Global epidemiological aspects of preterm delivery*
- Ludwig Gortner, Germany  
  *Rising voice for newborns at the global level*
- Discussion

13:30-14:30  LUNCH BREAK
14:30-16:30 REGIONAL WORKSHOP Cesarian section

Chairs: Snežana Rakić, Milica Ranković Janevski, Serbia,

- Snežana Rakić, Serbia: *Carski rez danas*

- Đorđe Petrović, Serbia: *Operativne tehnike carskog reza*

- Zorica Mladenović, Serbia: *Blizanačke trudnoće i carski rez*

- Marija Tasić, Serbia: *Vaginalni porođaj nakon carskog reza*

- Dragan Stajić, Serbia: *Carski rez po želji*

- Tea Štimac, Croatia: *Da li je niska stopa carskih rezova održiva u modernom akušerstvu - iskustva porodilišta u Rijeci*

- Marija Hadži Lega, Macedonia: *Robson klasifikacija carskih rezova*

- Vajdana Tomić, Bosnia & Herzegovina: *Trend učestalosti i vodeće indikacije za carski rez: naše 10-godišnje iskustvo*

16:30-17:00 COFFEE BREAK
17:00-19:15 REGIONAL WORKSHOP Cesarian section

- Vesna Ećim Zlojutro, Bosnia & Herzegovina: *Carski rez - Naše iskustvo u KBC Banja Luka*
- Andreja Trojner Bregar, Slovenia: *Vaginal birth after Cesarean section*
- Nataša Tul, Slovenia: *Obesity and Cesarean section*
- Željko Miković, Serbia: *Carski rez i prevremeni porodaj*
- Milica Ranković Janevski, Serbia: *Preterminsko novorođenče i carski rez; Uticaj na neonatalni ishod*
- Suada Heljić, Bosnia & Herzegovina: *The outcome of infants < 32 weeks: Caesarean section vs. Vaginal delivery*
- Fahrija Skokić, Bosnia & Herzegovina: *Perinatal outcome of preterm infants after Cesarean sections in the Tuzla*
- Discussion
Hall B - Amphitheatre

11:15-12:15 PARALLEL SESSION Pediatrics

- Flick Randall, USA: Developmental implications of Early General Anesthetic Exposure
- Bite Uldis, USA: Separation of Omphalopagus Conjoined Twins
- Matern Ditrich, USA: Neonatal screening
- Anita Pavicic Bosnjak, Croatia: The present and the future of Baby Friendly Hospital Initiative in the NICUs
- Discussion

12:15-13:30 PARALLEL SESSION Placenta Problems and Abnormal Placenta

- Giuseppe Cali, Italy: Scar pregnancy: evaluation in the first trimester
- Cansun Demir, Turkey: Management of Placenta Invasion anomalies (Placenta accreata)
- Nikolas Papantoniou, Greece: In postpartum hemorrhage is total obstetrical hysterectomy a one-way therapy?
- Discussion

13:30-14:30 LUNCH BREAK
14:30-16:30 WORKSHOP PERINATAL MEDICINE IN ARABIC COUNTRIES

Chairs: Ahmed Badreldeen, Qatar and Abdallah Adra, Lebanon

- Abdallah Adra, Lebanon: 
  *Invasive Placenta: The Nightmare of Obstetricians*

- Ahmed Badreldeen, Qatar: 
  *Fetal echo: new developments and how it impacts detection rate of congenital heart defects*

- Farah Sulaiman Youssif, Bahrain: 
  *Review of congenital abnormalities in Bahrain*

- Ghalia Gaber, UAE: 
  *Fetal neurology between past and present*

- Hesham Arab, Saudi Arabia: 
  *Prenatal Genetics of Hemoglobinopathies*

- Mohammad Hashim Wahaaj, Afghanistan: 
  *Perinatal chromosomal diagnosis in Afghanistan*

- Discussion

16:30-17:00 COFFEE BREAK

17:00-19:00 FREE COMMUNICATIONS
11:15-12:15  PARALLEL SESSION Perinatal Outcomes

Chairs: Apostolos Papageorgiu, Canada and Ljiljana Kornhauser Cerar, Slovenia

- Apostolos Papageorgiu, Canada:  
  *Premature infants at the limits of viability: how to respond*
- Ljiljana Kornhauser Cerar, Slovenia:  
  *Outcome of ELBW infants - one country experience*
- Ranjan Pejaver, India  
  *Cost effective interventions to improve neonatal outcome*
- Discussion

12:15-13:30  PARALLEL SESSION Cesarean sections

Chairs: Apostolos Papageorgiou, Canada and Bernat Serra, Spain

- Ilan Timor-Tritsch, USA:  
  *Diagnosis, treatment and outcome of cesarean scar pregnancy*
- Aris Antsaklis, Greece:  
  *Is there any place for vaginal birth after cesarean?*
- Apostolos Papageorgiou, Canada  
  *Cesarean section: short and long term implications*
- Bernat Serra, Spain:  
  *Preconceptional and prenatal assessment of women with previous cesarean section*
- Discussion

13:30-14:30  LUNCH BREAK
14:30-16:30 WORKSHOP PERINATAL HEALTH IN AFRICA

Chairs: Aliyu Labaran Dayyabu, Nigeria and Abdulfetah Abdulkadir, Ethiopia

- Abdel Latif Ashmaig, Sudan
  *Maternal Mortality in Sub-Saharan countries: Sudan as an example*
- Aliyu Labaran Dayyabu, Nigeria:
  *Eclampsia a preventable tragedy: An African overview*
- Hauwa Abdullahi, Nigeria:
  *Deep tongue laceration a rare complication of Intrapartum Eclampsia*
- Attah Raphael Avidime, Nigeria:
  *Ruptured uterus a catastrophe of the developing world: What can be done to reverse the trend*
- Janet Adetinuke Akinmoladun, Nigeria:
  *Prenatal Ultrasound Screening for Fetal Anomalies in Sub-Saharan Africa: An initial Experience*
- Abdulfetah Abdulkhadir, Ethiopia
  *Use of Doppler study in obstetrics at St. Paul Hospital Millennium Medical College, Addis Ababa, Ethiopia*
- Sami Mahmoud AbdelKhadir, Sudan
  *Leaving the Placenta behind in cases of morbid adherence, a valid option in developing countries*
- Zubaida Faruk, Nigeria:
  *Factors influencing dangerous newborn care practices in a rural community in West Africa*

16:30-17:00 COFFEE BREAK

17:00-18:30 WORKSHOP PERINATAL HEALTH IN AFRICA

- Fatimah Usman, Nigeria:
  *Neonatal Jaundice an Unrecognized Contributor to Neonatal Mortality and morbidity in low resource environment*
- Alaa Ebrashy, Egypt:
  *Fetal Heart examination in the 1st trimester. It is a reality now*
- Abdul-LatifAshmaigKhalifa, Sudan:
  *Non-invasive prenatal testing: updated overview*
- Joyce Ikubor, Nigeria:
  *Challenges of Fetal MRI in Sub-Saharan Africa*
- Discussion

18:30-19:15 FREE COMMUNICATIONS
Hall D - Hall 2

11:15-13:30  PARALLEL SESSION PREECLAMPSIA

Chair: Ljiljana Mirkovic, Serbia

- Ananth Karumanchi, USA: Biology of preeclampsia
- Stefan Verlohren, Germany: Angiogenic factors in preeclampsia
- Ravi Thadhani, USA: Novel therapies for preeclampsia
- Holger Stepan, Germany: Novel diagnostic tools for prediction and diagnosis of preeclampsia
- Ljiljana Mirkovic, Serbia: Prediction of adverse neonatal outcomes of preeclampsia
- Bernat Serra, Spain: Prediction of preeclampsia
- Discussion

13:30-14:30  LUNCH BREAK

14:30-16:30  WORKSHOP INDIAN SESSION: ISPAT

Chairs: Narendra Malhotra and Milind Shah, India

- Narendra Malhotra, India: How the 11-14 weeks' evaluation reduces perinatal morbidity and mortality - PART 1: Aneuploidies and anomalies detection
- Jaideep Malhotra, India: ART Fetuses: Optimizing perinatal outcomes
- Manjeet Mehta, India: FISH & Chips in Prenatal Genetic Diagnosis
- Renu Makwana, India: Low dose aspirin: where do we stand today?
- A. Gupta, India: Multifetal pregnancies: what is new?
- Milind Shah, India: Optimizing anomalies detection in 18-22 weeks scan
- Poonam Goyal, India: How the 11-14 weeks’ evaluation reduces perinatal morbidity and mortality - PART 2: Screening for Preeclampsia, growth restriction and Preterm Delivery
Kuldeep Singh, India: 
Screening for congenital heart defects 
Discussion 

16:30-17:00 COFFEE BREAK 
17:00-19:00 FREE COMMUNICATIONS
11:15-13:00 PARALLEL SESSION ART & Pregnancies

Chair: Eliana Garalejic, Serbia

- Snezana Vidakovic, Serbia: *Male offspring from ART - reproductive function*
- Lela Surlan, Serbia: *Impact of Assisted Reproductive Techniques on Gametes, Embryos and IVF Infants*
- Tatjana Motrenko Simic, Montenegro: *ART pregnancies – epigenetic changes related to perinatal outcome*
- Ambra Iuculano, Italy: *First trimester fetal growth in IVF and ovodonation*
- Simona Vladareanu, Romania: *Birth and perinatal outcomes of babies conceived following ART*
- Sanja Kupesic Plavsic, USA: *What you should know about preconception ultrasound?*
- Jaideep Malhotra, India: *ART pregnancies: Are they different?*
- Mohammad Hashim Wahaj, Afganistan: *Embryonic reduction, how we do?*
- Giovanni Monni, Italy: *Selective feticide in high order pregnancies*

- Discussion

13:30-14:30 LUNCH BREAK
WORKSHOP SESSION OF THE FEDERATION OF PERINATAL MEDICINE OF LATIN-AMERICAN COUNTRIES

Chairs: Ana Bianchi, Samuel Karchmer

- Diaz Rossello, Uruguay  
  *Care of the newborn during the third stage of labor*

- Fernanda Blasina, Uruguay  
  *Future of neuroprotection: estrategias in the clinical use frontier*

- Dalton Avila Guayaquil, Ecuador  
  *Humanized delivery and low-cost technologies to reduce the incidence of cesarean section*

- Marianella Rodriguez, Uruguay  
  *Perinatal asphyxia and mechanisms of cellular damage related to brain mitochondrial morphology and function: putative neuroprotection strategies*

- Joaquin Bustillos, Costa Rica  
  *Clinical controversies in the diagnosis of chronic fetal distress*  
  *Estado actual de la mortalidad materna y perinatal en Latino America*

- Samuel Karchmer, Mexico  
  *Current status of maternal and perinatal mortality in Latin America*

Discussion

16:30-17:00 COFFEE BREAK

17:00-19:00 FREE COMMUNICATIONS
11:15-12:15 PARALLEL SESSION Fetal and neonatal surgery

Chairs: Anne Greenough, UK and Taungsit Wataganara, Thailand

- Cansun Demir, Turkey: 
  *Fetal therapy: from past to future*
- Tuangsit Wataganara, Thailand: 
  *3D US in conjoined twins: any additional advantages*
- Anne Greenough, UK: 
  *Antenatal and postnatal management of infants with diaphragmatic hernia*
- *Discussion*

12:15-13:30 PARALLEL SESSION Fetal cardiology

- Paolo Volpe, Italy: 
  *First trimester diagnosis of fetal heart diseases*
- Orhan Uzun, Turkey: 
  *Ultrasound diagnosis fetal arrhythmia: what is the most reliable method?*
- Turgay Sener, Turkey: 
  *Basic fetal heart exam: from zero to seven- TBC*
- Olus Api, Turkey: 
  *Effects of preeclampsia on the fetal cardiovascular system*
- *Discussion*

13:30-14:30 LUNCH BREAK

14:30-16:30 WORKSHOP ACTUAL PROBLEMS IN PERINATAL MEDICINE IN RUSSIA

Chairs: Marina Degtyareva and Alexandar Makatsariya, Russia

- Elena Baibarina, Russia: 
  *Challenges and approaches to decline perinatal and infant mortality in the Russian Federation*
- Dmitry Ivanov, Russia: 
  *Perinatal infections in the Russian Federation*
- Marina Degtyareva, Moscow: 
  *Postgraduate Education in Perinatal Medicine in the Russian Federation*
Larisa Belotserkovtseva, Surgut:  
*Regional Peculiarities of Perinatal Healthcare Management: Challenges and Solutions*

Grigory A. Penzhoyan, Krasnodar:  
*Clinical Perinatal Center in the Structure of Multidiscipline Regional Hospital: Controversies and Strategies*

Nadezhda Bashmakova, Yekaterinburg:  
*Achievements of Fetal Surgery In Ural Region of the Russian Federation*

Alexandar Makatsariya, Russia:  
*Thrombotic Microangiopathy In Perinatology*

Discussion

16:30-17:00  COFFEE BREAK

17:00-19:00  FREE COMMUNICATIONS
11:15-12:15 PARALLEL SESSION High risk pregnancies

Chairs: Ivica Zalud, USA and Tuangsit Wataganara, Thailand

- Ivica Zalud, USA:  
  *IUGR: When to deliver the baby-pendulum swings*

- Tuangsit Wataganara, Thailand:  
  *Selective IUGR in monochorionic twins: To kill or to separate*

- Rodrigo Ayala, Mexico:  
  *Hypothyroidism in the first trimester, risk factors and impact on perinatal outcome*

- Sayed Amir Gilani, Pakistan  
  *Umbilical cord morphology in pregnancy complicated by IUGR*

- Discussion

12:15-13:30 PARALLEL SESSION High risk pregnancies - The impact on the fetus

Chairs: Aida Salihagic Kadic, Croatia and Yaron Zalel, Israel

- Aida Salihagic Kadic, Croatia:  
  *The fetus and the stress*

- Hisham Arab, Saudi Arabia:  
  *Perinatal outcome of maternal stress*

- Radu Vladeranu, Romania:  
  *Perinatal approach of fetal neuroblastoma*

- Yaron Zalel, Israel:  
  *The fetal thymus: the use of thy-box in early pregnancy (13-16 weeks)*

- Discussion

13:30-14:30 LUNCH BREAK
14:30-16:30  SYMPOSIUM IAPM
Chair: Erich Saling, Germany

- Asim Kurjak, Croatia:
  *Fetal ultrasound as a window into maternal health*
- Eberhard Merz, Germany:
  *Is 3D ultrasound the best method for detection and assessment of fetal anomalies?*
- Ola Saugstad, Norway:
  *Neonatologist made significant progress in the past. What does the future bring?*
- Discussion

16:30-17:00  COFFEE BREAK

17:00-19:00  FREE COMMUNICATIONS
October 28th 2017
Hall A - Blue hall

08:30-11:00  PLENARY SESSION 1 The Lectures from the Past WAPM Presidents

- Asim Kurjak, Croatia:  
  Fetal organ function: new challenge for advanced ultrasound
- Aris Antsaklis, Greece  
  Improving the maternal mortality rate: an optimistic perspective
- Frank Chervenak, USA:  
  Planned home birth: A challenge to the perinatal profession
- Discussion

11:00-11:30 COFFEE BREAK

11:30-13:00  FETUS AS A PATIENT
Moderator: Frank Chervenak, USA

- Sanja Kupesic Plavsic, USA:  
  Diabetes and pregnancy
- Joseph Schenker, Israel:  
  What is age limitation for pregnancy
- Ana Bianchi, Uruguay:  
  Doppler in high risk pregnancies
- Vincenzo D’Addario, Italy:  
  Cystic anomalies of the posterior fossa
- Radu Vladareanu, Romania:  
  Agenesis of Corpus Callosum: diagnostic approach and prognosis reevaluation

13:00-14:00 LUNCH BREAK

14:00-16:15  FETUS AS A PATIENT

- Amos Grunebaum, USA:  
  Safe inductions of labor
- Nikolas Papantoniou, Greece:  
  Fetal growth restriction – when is the right time to deliver
- Aleksandar Ljubic, Serbia:  
  Implantation related problems - what can we do?
- Orion Gliozheni, Albania:  
  Uterine anomalies – how does their diagnosis influence obstetric future
Selma Porovic, B&H: 
*Oral health and pregnancy*

Hung Winn, USA: 
*Pregnancy as a window of women’s future health*

Apostolos Athanasiadis, Greece: 
*Determinant of the gestational age. Monitoring fetal growth*

**16:15-16:45 COFFEE BREAK**

**16:45-19:00 FETUS AS A PATIENT**

Marina Degtyareva, Russia: 
*Influence of maternal treatment on the status of fetus and neonate*

Ali Sungkar, Indonesia: 
*Preterm management in low resource setting*

Damir Roje, Croatia: 
*What should not be ignored when considering heparin and high risk pregnancy relation?*

Corazon Yabes Almirante, Philippines: 
*Fetal Ovarian Cyst and other Gynecological Problems of the Fetus and Newborn*

Discussion
Hall B - Amphitheatre

11:30-13:00  PARALLEL SESSION Newcomers
Chairs: Asim Kurjak, Croatia and Eberhard Merz, Germany

- Lara Spaldi, Croatia
  *Advanced ultrasound in the detection and assessment of fetal syndroms*
- Selma Porovic, B&H:
  *Early development (normal and abnormal) of fetal face*
- Sertac Esin, Turkey:
  *Gestational diabetes*
- Sonila Pashaj, Albania:
  *Sonographic detection of fetal syndroms with limb defects*
- Discussion

13:00-14:00  LUNCH BREAK

14:00-16:15 REGIONAL SESSION - Vital statistics

- Darko Plecas, Serbia
  *Prekidi odmakle trudnoće u Republici Srbiji - učestalost i indikacije*
- Gordana Adamova, Macedonia
  *Perinatna smrtnost u R Makedoniji - nacionalna metodologija za stručnu reviziju*
- Lidija Banjac, Montenegro:
  *Struktura neonatalnog morbiditeta u Crnoj Gori*
- Jelica Predojevic Samardzic, Republic of Srpska:
  *Klinicke i epidemiološke karakteristike kongenitalnih anomalija u Republici Srpskoj*
- Discussion

16:15-16:45  COFFEE BREAK

16:45-19:00  FREE COMMUNICATIONS
11:30-13:00  PARALLEL SESSION The crux of prematurity prevention

Chair: Erich Saling, Germany

- Erich Saling, Germany: *Regrettable contraindications in prevention of premature birth*
- U. B. Hoyme *Results achieved up to now*
- J. McGregor *Controversial approaches to preterm birth*
- Discussion

13:00-14:00  LUNCH BREAK

14:00-17:00  WORKSHOP SOUTHEAST EUROPE

Chairs: Ratko Matijevic, Croatia and Olivera Kontic Vunicic, Serbia

- Premru T, Lüčovnik M, Slovenia *Overview of perinatal data regarding refugees and immigrants in SEE region*
- Antsaklis A, Greece *Refugee crisis in Greece that focuses on the gynecological and obstetrical problems of refugees and immigrants*
- Beksac S, Turkey *The Refugees and the problems of the antenatal care program in Turkey*
- Crnogorac S, Montenegro *Refugee crisis and perinatal management in Montenegro*
- Rubena Moisiu, Albania *Trends of Preterm Births in a Tertiary Centre in Albania.*
- Muresan D, Romania *Ultrasound criteria in early versus late IUGR Romanian experience*
- Beksac S, Turkey *Inflammatory problems of Placenta and Obstetric complications*
- Stamatian F, Romania *Screening of the genetic and environmental risk factors - a combined approach with predictive value for preterm birth*
- Kontic O, Serbia *Caesarean section rate around 35%*
- Matijevic R, Croatia
Caesarean section rate around 20%
- Athanastiadis A, Greece

The reasons for regional differences in CS rates
- Discussion

17:00-19:00 FREE COMMUNICATIONS
Hall D - Hall 2

11:30-13:00  PARALLEL SESSION Diagnosis and Treatment of Congenital Malformations

- Vincenzo D’Addario, Italy:  
  *Basic prenatal ultrasound screening of CNS anomalies*
- Ahmed Badreldeen, Qatar:  
  *Antenatal screening of congenital heart defects: what is new?*
- Alaa Ebrashy, Egypt:  
  *Fetal skeletal dysplasia - prenatal diagnosis and outcome*
- Alexandra Matias, Portugal:  
  *Prenatal diagnosis of facial clefts: far beyond cleft lip and palate*
- Sami Mahmoud Abdelkahir, Sudan:  
  *Diaphragmatic hernia-experience from developing country*
- Discussion

13:00-14:00  LUNCH BREAK

14:00-16:15  WORKSHOP FORENSICS IN PERINATOLOGY: INSIGHTS AND CHALLENGES  
Chairs: Dubravko Habek, Croatia, Christian Dadak, Austria

- Christian Dadak, Austria:  
  *Problems of shoulder dystocia*
- Dubravko Habek, Croatia:  
  *Obstetrics hemorrhage - forensic view*
- Frank Chervenak, USA:  
  *Professional responsibility of obstetricians-gynecologists in managing clinically significant medical errors*
- Dan Farine, Canada:  
  *Ten easy ways to be sued and lose the case*
- Amos Grunebaum, USA:  
  *Prevention of thrombophlebitis and pulmonary embolism in obstetrics: What is today's standard of care?*
- Christoph Brezinka, Austria:  
  *Liability resulting from prenatal diagnosis*
- Discussion

16:15-16:45  COFFEE BREAK

16:45-19:00  FREE COMMUNICATIONS
Hall E - Hall 3

11:30-13:00 PARALLEL SESSION Multifetal pregnancies

- Alexandra Matias, Portugal: 
  *Twins and chorionicity: the issue of growth*
- Prashant Acharya, India: 
  *Preterm birth predication in singleton and multi fetal pregnancy*
- Apostolos Athanasiadis, Greece 
  *Prevention of preterm birth in twins*
- Murat Yayla, Turkey: 
  *Multifetal reduction: when, how, to whom?*
- Discussion

13:00-14:00 LUNCH BREAK

14:00-16:15 WORKSHOP CLINICAL APPLICATION OF KANET TEST- MULTICENTER STUDIES
Chair: Asim Kurjak, Croatia

- Aida Salihagic Kadic, Croatia: 
  *Neurophysiologic development of the fetus*
- Panos Antsaklis, Greece: 
  *KANET test in diabetic pregnancy*
- Radu Vladeranu, Romania: 
  *KANET test in preterm labor*
- Sonal Panchal, India: 
  *Prospective study on the value of KANET in high risk pregnancies*
- Milan Stanojevic, Croatia: 
  *What have neonatologists learned from antenatal neurological assessment*
- Mirta Starcevic, Croatia: 
  *New methods of neurological assessment of neonates*
- Discussion

16:15-16:45 COFFEE BREAK
16:45-19:00 FREE COMMUNICATIONS
11:30-13:00  PARALLEL SESSION Course on twin pregnancies
Moderators Birgit Arabin, Germany and Stefano Faviola, Italy

• Birgit Arabin, Germany: 
  *Pregnancy as a window for future health*
• Stefano Faviola, Italy:
• Discussion

13:00-14:00  LUNCH BREAK

14:00-16:15  PARALLEL SESSION Genetics and perinatal medicine
Chairs: Dusica Babovic, USA and Goran Cuturilo, Serbia

• Dusica Babovic, USA 
  *Mosaicism and clinical practice*
• Myra Wick, USA 
  *Updates in Preconception and Prenatal Screening and Testing*
• Maja Djordjevic, Serbia: 
  *Inborn errors of metabolism: challenges in prenatal diagnosis*
• Goran Cuturilo, Serbia: 
  *X-linked disorders in prenatal testing and counseling*
• Aleksandra Miletic, Serbia: 
  *MLPA - fast and cost-effective genetic screening for newborns with congenital heart disease in NICU*
• Discussion

16:15-16:45  COFFEE BREAK

16:45-19:00  FREE COMMUNICATIONS
11:30-13:00 PARALLEL SESSION STATINS in treatment of high risk pregnancy

- Guillermima Girardi, UK: *Preeclampsia is not a transient disease*
- Elmina Lefkou, Greece: *Pravastatin in treatment of high risk pregnancy with antiphospholipide syndrome*
- Aleksandar Jurisic, Serbia: *New approach in treatment of selective IUGR in dichorionic twins with Pravastatin*
- Zeljko Mikovic, Serbia: *Pravastatin in treatment of patients with preeclampsia*

13:00-14:00 LUNCH BREAK

14:00-16:15 WORKSHOP PERINATAL SONOGRAPHY

- Ana Bianchi, Uruguay: *Evaluation of fetal heart function in high risk pregnancies*
- Gwang Jun Kim, South Korea: *Why we do fetal echocardiography in the 1st Trimester?*
- Ivica Zalud, USA: *Bloody business in OB: How ultrasound can help?*
- Ritsuko Pooh, Japan: *How to handle efficiently up-to-date ultrasound technology in prenatal diagnosis*
- Sanja Kupesic Plavsic, USA: *Preimplantation ultrasound*

16:15-16:45 COFFEE BREAK
16:45-19:00 FREE COMMUNICATIONS
Hall H - Hall 5

11:30-13:30 PARALLEL SESSION Maternal and neonatal health

Chairs: Zoltan Papp, Hungary and Ali Sungkar, Indonesia

- Zoltan Papp, Hungary: *Controlling the profuse haemorrhage by ligation of hypogastric arteries*
- Ali Sungkar, Indonesia: *Management in post partum hemorrhage*
- Aliyu Labaran, Nigeria: *Eclampsia a preventable tragedy: An African overview*
- Hiroshi Sameshima, Japan: *Recent maternal deaths in Japan*
- Bozena Kociszewska Najman, Poland: *Health of neonates, infants and children born to kidney or liver graft recipients on chronic immunosuppressive therapy*
- Discussion

13:00-14:00 LUNCH BREAK

14:00-17:30 PARALLEL SESSION Session of Young Scientists

- Kelly Yamasato, USA *Fetoplacental Growth and Maternal Obesity*
- Nicola Volpe, Italy *Congenital diaphragmatic hernia in prenatal life: assessment and management*
- Ioannis Kyvernitakis, Germany *Long-term outcome and subsequent fracture risk after pregnancy-associated osteoporosis: Data from the first systematic study*
- Josip Juras, Croatia *Gestational diabetes mellitus - understanding natural course of the disease*
- Sonila Pashaj, Albania *Hypo- and Hyperplasia of corpus callosum*
- Panos Antsaklis, Greece *Clinical application of KANET test*
- Themistoklis I. Dagklis, Greece *Heart stroke volume and cardiac output by four-dimensional ultrasound in normal fetuses*
- Olga Grebennikova, Russia *Near-infrared spectroscopy (NIRS) monitoring in NICU as a diagnostic tool in perinatal pathology*
Fatima Usman, Nigeria
*Brainstem evoked auditory response and Bilirubin induced neurologic dysfunction score in detecting acute bilirubin encephalopathy in term Neonates in a tertiary hospital in Kano Nigeria*

Costin Berceanu, Romania
*Ultrasound and management of specific complications in monochorionic twins.*

Discussion

17:30-19:00  FREE COMMUNICATIONS
October 29th 2017
Hall A - Blue hall

08.30 - 10.15 PLENARY SESSION 2

Chairs: Milan Stanojevic, Croatia and Cihat Sen, Turkey

- Ritsuko Pooh, Japan: 
  *Significant advancement made with early detection of fetal abnormalities*
- Cihat Sen, Turkey: 
  *Fetal heart defects: Why do we miss it?*
- Milan Stanojevic, Croatia: 
  *Present and future of neonatology*
- Discussion

10:15-10:45 COFFEE BREAK

10:45-12:30 PARALLEL SESSION Fetal neurology: Evolving topic

Chairs: Ritsuko Pooh, Japan and Panos Antsaklis, Greece

- Ritsuko Pooh, Japan: 
  *Structural studies on fetal brain with silhouette ultrasound*
- Milan Stanojevic, Croatia: 
  *Continuity*
- Asim Kurjak, Croatia: 
  *Face as a predictor of brain*
- Turgay Sener, Turkey: 
  *How to evaluate corpus callosum*
- Vedran Stefanovic, Finland: 
  *Current status of fetal neuroprotection*
- Snezana Rakić, Serbia
  *Dynamic changes of fetal cerebral circulation during fetal behavior*
- Discussion

12:30-13:00 LUNCH BREAK

13.00-14.45 THE BEST YOUNG AUTHOR - AWARD PROF. DR VOJIN SULOVIC

14:45-15:30 CLOSING CEREMONY
10:45-11:45 PARALLEL SESSION Fetal development problems and Intrauterine Growth Restriction

- Olus Api, Turkey: *Long-term effects of progesterone on the developing fetus*
- Ivica Zalud, USA: *Pendulum swings - when to deliver IUGR baby*
- Apostolos Papageorgiou, Canada: *IUGR: short and long term implications*
- Discussion

11:45-12:30 PARALLEL SESSION INFECTIVE DISEASES

- Oliver Kagan, Germany: *CMV in pregnancy - diagnosis and treatment*
- Tatjana Nikolic, Serbia: *Neonatal microbiome: healthy start- healthy life*
- Discussion

12:30-13:00 LUNCH BREAK

13:00-14:45 PARALLEL SESSION METABOLIC DISORDERS AND GESTATIONAL DIABETES

- Rodrigo Ayala, Mexico: *Gestational diabetes, acknowledging risk factors and establishing new strategies*
- Ratko Matijevic, Croatia: *Impact of the implementation of new WHO diagnostic criteria for gestational diabetes mellitus on prevalence and perinatal outcome: a population based study*
- Snezana Crnogorac, Montenegro: *Obesity and pregnancy*
- Rodrigo Ayala, Mexico: *Nutritional issues in the Latin American pregnant women*
- Katja Erjavec, Croatia: *Prevalence, risk factors and pregnancy outcome of women with gestational diabetes mellitus in Croatia - national study*
- Discussion
10:45-12:15 PARALLEL SESSION Fetal anomalies

- Syed Amir Gilani, Pakistan
  *Neonatal sonographic screening for congenital abnormalities*
- Cristoph Berg, Germany:
  *Thoracic anomalies*
- Selami Sylejmani,
  *The role of US in diagnostics of the most common anomalies in first and second trimester*
- Cansun Demir, Turkey:
  *Sonography of fetal obstructive uropathies*
- Discussion

12:15-13:00 LUNCH BREAK

13:00-14:45 PARALLEL SESSION Cancer and pregnancy

Chair: Tanja Pejovic, USA

- Vesna Kesić, Serbia
  *Management of precancer and invasive cervical cancer during pregnancy*
- Tanja Pejovic, USA:
  *Adnexal mass in pregnancy*
- Anne Brantberg, Sweden:
  *Fetal tumors: Diagnosis and Treatment*
- Tanja Pejovic, USA:
  *Cancer treatment in pregnancy: risks and benefits*
- Tatjana Bozanovic, Serbia:
  *Ethical challenges of treating cancer in pregnancy*
- Discussion
10:45-11:45 PARALLEL SESSION Fetal screening

- Orhan Uzun, Turkey: *How should fetal SVT be managed, with monotherapy or combination?*
- Vedran Stefanovic, Finland: *Amniocentesis in the evaluation of intraamniotic infection / inflammation may improve the neonatal outcome*
- Elsa Viora, Italy: *First and second trimester screening of aneuploidies*
- Discussion

11:45-12:45 PARALLEL SESSION Labor

- Sabaratnam Arulkumaran, UK: *When to intervene with non reassuring FHR patterns*
- Mario Campogrande, Italy: *Avoiding neonatal injuries in operative vaginal birth: an update*
- Branka Markovic Yli, Norway: *Developing of labor asphyxia and its consequences*
- Discussion

12:45-13:15 LUNCH BREAK

13:15-14:45 PARALLEL SESSION PRETERM BIRTH BY THE HELLENIC SOCIETY OF PRENATAL DIAGNOSIS AND FETAL THERAPY
Chair: Aris Antsaklis, Greece

- Panos Antsaklis, Greece: *Screening for Preterm Delivery*
- George Daskalakis, Greece: *Progesterone for the prevention of Preterm birth*
- Aris Antsaklis, Greece: *Management of the Short cervix*
- Marianna Theodora, Greece: *Prevention of preterm birth in Twins*
- Michel Sindos, Greece: *An update on tocolytics*
- Discussion
10:45 - 12:15  Regional workshop Critically ill patients  
Chair: Ivan Velickovic, USA  
- Tatjana Ilić-Mostić, Serbia.  
  *Peripartum hemorrhage - anesthetics treatment*  
- Ivan Veličković, USA  
  *Continuous spinal anesthesia for critically ill parturient*  
- Marija Kutlešić,  
  *Thrombotic microangiopathies in severe preeclampsia/eclampsia*  
- Borislava Pujić,  
  *Peripartum cardiomyopathy*  
- Mirjana Kendrišić  
  *The Role of the Anesthesiologist in Management of the Parturient With Respiratory Disease*  
- Discussion  

12:15-13:00 LUNCH BREAK  

13:00-14:00 PARALLEL SESSION Prenatal diagnosis  
Chair: Giovanni Monni, Italy  
- Yaron Zalel, Israel  
  *Increased nuchal translucency: the added value of early anomaly scan*  
- Giovanni Monni, Italy:  
  *Invasive prenatal procedures in the 3rd Millenium: still useful*  
- Murat Yayla, Turkey:  
  *Karyotype abnormalities: correlation with preexisting sonographic markers*  
- Discussion  

14:00-14:45 PARALLEL SESSION Perinatal audit  
- Branka Markovic Yli, Norway:  
  *Experience with perinatal audit in Norway*  
- Anton Mikhailov, Russia:  
  *Perinatal audit of intranatal death and neonatal near-miss*  
- Discussion
10:45 - 11:45 PARALLEL SESSION Fetal and Neonatal tumors

Chair Leslie Lehmann, USA

- Christian Dadak, Austria  
  Cancer and pregnancy
- Uchenna Acholonu, USA  
  Diagnosis and Management of the Adnexal Mass in Pregnancy
- Discussion

12:00-12:45 LUNCH BREAK

12:45-14:45 MIDWIFERY

Chair: Arina Chak, Russia

- Arina Chak, Russia  
  Midwifery in Russia
- Aase Serine Devold Pay, Norway  
  Midwifery in Scandinavian Countries
- Discussion
